

Your free pass card

When it comes to getting home safely, it's a good idea to have a back-up plan.

When you're out with friends, you have the right to feel safe. You don't have to get in a car with an unsafe driver. If you're the driver, the safety of you and your passengers is your responsibility. If you feel you shouldn't drive – don't.

Strategies to stay safe:

- Use your Free Pass card (on the next page) and call someone to give you a ride home
- Stay the night at a friend's house
- Catch a taxi

How the free pass card works:

1. Talk to a parent, family member or friend who has a full or P2 driver's licence, and ask them to complete and sign your Free Pass card.
2. The card is a written agreement between you and that person. If you ever feel like you can't get home safely, they agree to give you a free ride home – no questions asked.
3. Print and cut out the card on the following page, and keep it with you.
