We're here to help

To request Road Service call 13 11 11 or use the myRAA app

To receive Road Service you must be a Road Service Product Holder. You must also be driving the Vehicle at the time of the Breakdown, and be present when the RAA Service Provider arrives. **Do not** use the myRAA app in an urgent situation (child/animal locked in car, car blocking traffic, you feel unsafe) - call 13 11 11 to talk to our Road Service team. Road Service via the myRAA app is not available in some regional areas.

So we can help you, have the following information ready when you call.

- Your RAA Member number and the best phone number to reach you on
- The registration number, make, model and colour of your Vehicle
- All your location details, including the street name, suburb or town, closest intersection, which side of the street you're on, and any distinguishing landmarks
- An explanation of what happened or appears to be the problem with your Vehicle

After calling us, stay with your Vehicle until help arrives. Leave your mobile switched on and make sure it's easy to hear.

If there are extraordinary circumstances or you're worried about your safety, please let us know when you call.

If you're in South Australia or Broken Hill, your call will be routed directly to RAA. In all other locations throughout Australia, your call will be directed to the local affiliated motoring organisation.

For drivers with a hearing or speech impairment:

- you can contact us for Road Service by using the National Relay Service www.relayservice.gov.au
- the number to provide for RAA Road Service is 13 11 11
- if you have no internet access, you can access the National Relay Service via SMS by texting 0423 677 767
- make sure you have all information ready to relay.

Please note that these contact methods are subject to the reliability of the public telecommunications network.

If you do not receive a reply in a timely period, you should use an alternative method.

1. RAA Road Service Benefits

Here's everything you need to know about RAA Road Service, including all the terms and conditions of your Benefits.

When we refer to 'you' or 'you're/your', we mean you the Product Holder. When we refer to 'us', 'our' or 'we', we mean RAA. When we refer to 'Benefits', we mean the services that you receive as the Product Holder. For more definitions, refer to the glossary on page 19.

The Benefits:

- only apply to Breakdowns that occur within Australia
- can only be provided within the locality of the Breakdown
- only apply if you're driving the Vehicle at the time of the Breakdown, (unless you're supervising a learner driver. In this case, the Benefits will apply as if you were driving the Vehicle)
- don't apply if you - against our advice or the advice of a qualified repairer - continue driving the Vehicle following a Breakdown.

If limits to the Benefits aren't listed for different RAA Road Service Products, the same Benefit applies for all Products.

All RAA Road Service monetary Benefits, limits and charges include GST.

Road Service

Road Service is a Vehicle Breakdown service that provides you with assistance if your Vehicle and/or Towed Unit has an unexpected mechanical or electrical fault or failure. Road Service does not cover an Insurable Event and is not a substitute for motor vehicle insurance.

You must be the driver of the Vehicle at the time of the Breakdown, and you must also be present when the RAA Service Provider arrives.

Road Service is available within Australia at any time, no matter what Vehicle you're driving.

Our main aim is to get your Vehicle moving after a Breakdown, but we can only undertake minor repairs that can - using parts and tools available within the service Vehicle - be completed safely and within a reasonable time, at the roadside.

Where this occurs, any repairs will be carried out for the limited purpose of making your Vehicle mobile and are not intended to be a complete or permanent fix.

Following any such repairs, you'll be responsible for any further repairs or maintenance that may be required to the Vehicle, or for any damage arising as a result of you failing to attend to those repairs.

The type of Road Services that are available may be influenced by the location and circumstances of the Breakdown.

You might need to pay for some services and Benefits if the Breakdown happens in a Non-Serviced Area. You may be eligible to get these costs reimbursed, but this will depend on your level of Road Service (see section 6.7).

1.1 Road Service Call-out limits

- **Premium:** You get unlimited Call-outs included in your Subscription Year.
- **Plus:** You get unlimited Call-outs included in your Subscription Year.
- **Standard:** You get up to four Call-outs each Subscription Year. More than four Call-outs will incur an additional fee, which will need to be paid at the time of the Call-out. But don't worry - we'll give you all this information when you call us, so you can decide if you want to go ahead with the Call-out.

Excessive Use

If you request Road Service an excessive number of times for a single recurring Vehicle fault that you've failed to rectify, or you Excessively Use Benefits for the same or multiple Vehicles, we may refuse or restrict your Benefits or charge an additional fee. We'll advise you of this at each subsequent Call-out.

Metro

If your Vehicle breaks down anywhere in the Metropolitan Patrol Serviced Area, an RAA Service Provider will attend without charge.

Country

If your Vehicle breaks down outside the Metropolitan Patrol Serviced Area, Road Service will be provided by the designated RAA Country Service Depot for that location.

Call-outs to areas outside of the Metropolitan Patrol Serviced Area are limited to Breakdown locations within the following distances from the designated RAA Country Service Depot, per Incident.

- **Premium:** 200km (400km Round Trip)
- **Plus:** 100km (200km Round Trip)
- **Standard:** 40km (80km Round Trip).

If your Vehicle needs Road Service outside of these distances, there'll be additional costs and these will need to be paid at the time of the Call-out. But don't worry - we'll give you all this information when you call us, so you can decide if you want to go ahead with the Call-out.

1.2 Wheel changing

If you have a suitable, roadworthy spare wheel, the RAA Service Provider will change the wheel for you during the Call-out.

This Benefit is limited to:

- Vehicles and/or Towed Units that weigh less than three tonnes fully loaded
- circumstances that don't need specialised equipment to safely provide a wheel change.

If the Vehicle falls outside of our weight and equipment limitations, an RAA Service Provider will be dispatched to assess and assist with the wheel change where possible, using your Vehicle manufacturer's wheel changing equipment.

If the Vehicle isn't normally equipped with a spare wheel, you can use your Towing Benefits (see section 2) to tow your Vehicle to a place of repair.

Tyre repairs won't be undertaken at the roadside.

1.3 Battery replacement/jump-start

If the Vehicle doesn't start because of a flat battery, the RAA Service Provider will assess the battery during the Call-out, and provide a jump-start if appropriate.

If necessary, and where available, we offer an extensive range of competitively priced RAA-branded automotive batteries for roadside purchase. If you'd like to purchase an RAA battery from the RAA Service Provider, (subject to availability) they'll install it for no extra charge.

If you buy an RAA battery, the following discounts apply:

- **Premium:** \$20 discount
- **Plus:** \$20 discount
- **Standard:** nil.

If the Vehicle's battery can't be easily and quickly replaced by an RAA Road Service Provider, following attendance and diagnosis, the Vehicle/driver will be directed to an approved workshop for battery fitting or repair. If the Vehicle is disabled, you can use your Towing Benefits (see section 2) to tow your Vehicle to an approved workshop.

Motorcycle batteries aren't available for roadside purchase. If your motorcycle needs a new battery, you can use your Towing Benefits (see section 2) to tow your motorbike to a designated RAA battery Service Centre or to another place of repair.

1.4 Lockout/locksmith services

If you tell us there's a child locked in a Vehicle or caravan, and that it's an emergency situation or the child is distressed, we'll transfer the call to emergency services (000), and send an RAA Service Provider.

If you've locked your keys in your Vehicle or caravan, the RAA Service Provider will make a reasonable attempt to unlock your Vehicle using available hand tools. If this isn't possible, we can arrange for a locksmith to attend your Vehicle or caravan. If a locksmith attendance is needed because your Vehicle or caravan is disabled, then we'll contribute an amount towards the cost of the locksmith services.

If, at your request, the RAA Service Provider is required to break into your Vehicle, you'll be responsible for any loss or damage to your Vehicle or property.

The maximum we'll contribute to locksmith services in each Subscription Year is:

Premium: \$150

Plus: \$75

Standard: \$50.

Or, instead of using the locksmith contribution (or if a locksmith is unavailable), you can use your Towing Benefits (see section 2).

The locksmith contribution isn't available for Vehicles or caravans that have been disabled because of an Accident or vandalism, or if the Vehicle or caravan has been stolen.

1.5 Caravans/trailers

If you're towing a caravan, trailer, horse float or something similar, and that Towed Unit suffers an unexpected mechanical or electrical fault, failure, or lock-out, an RAA Service Provider will attend and provide assistance, as if it were a Vehicle Breakdown.

1.6 Motorcycles

If your motorcycle can't be ridden because of a mechanical or electrical fault, failure or puncture, an RAA Service Provider will attend and attempt to get your motorcycle going again.

If we're unable to fix the motorcycle at the roadside or you have a flat tyre, you can use your Towing Benefits (see section 2).

1.7 Fuel

Out of fuel

If your Vehicle has run out of fuel, the RAA Service Provider may provide, at your cost, sufficient fuel so that you can drive to the nearest fuel outlet.

If the RAA Service Provider can't supply fuel at the roadside, you can use your Towing Benefits (see section 2) to tow the Vehicle to a fuel outlet.

Incorrect fuel

If you've filled your Vehicle with incorrect fuel, you can use your Towing Benefits (see section 2) to tow the Vehicle to a place of safety or repair.

1.8 Electric Vehicles

If your Electric Vehicle runs out of charge, you can use your Towing Benefits (see section 2) to tow the Vehicle to your Home or to the nearest Accessible Charging Station.

If you're towed to an Accessible Charging Station, you'll need to provide your own charging cable and/or adaptor to charge your Vehicle. We can't supply charging cables or adaptors for Electric Vehicles, and any costs associated with charging the Vehicle will be at your own expense.

1.9 Bicycles

If your Bicycle can't be ridden because of a mechanical failure or puncture, an RAA Service Provider will attend and attempt to fix the Bicycle.

If the RAA Service Provider can't fix the Bicycle at the roadside, during the Call-out we can arrange for a taxi to take you and your Bicycle to a place of safety or repair at the time of providing Road Service. We'll contribute a maximum of \$55 per Subscription Year to the cost of a taxi following a Call-out for a Bicycle.

The taxi contribution for Bicycle Breakdown can only be used once per Call-out, and is separate from the Premium taxi Benefit after Vehicle Breakdown/towing (see section 2).

In Country Serviced Areas, transport of you and your Bicycle can be provided by the designated RAA Country Service Depot, up to the following distances back to that depot, per incident:

- **Premium:** 200km (400km Round Trip)
- **Plus:** 100km (200km Round Trip)
- **Standard:** 40km (80km Round Trip).

Transport of you and your Bicycle in any direction from the Breakdown location or from the attending RAA Country Service Depot, per incident:

- **Premium:** up to a distance of 50km or to a value of \$360, whichever is the lesser
- **Plus:** up to a distance of 20km or to a value of \$144, whichever is the lesser
- **Standard:** up to a distance of 10km or to a value of \$72, whichever is the lesser.

If a child under the age of 18 is riding with you and their Bicycle suffers a mechanical failure or puncture, you may also use the Benefits for the child. It's your responsibility to make sure any necessary child safety restraints or seating is available for the child.

1.10 Mobility Scooters

If your Mobility Scooter breaks down, an RAA Service Provider will attend and attempt to get your scooter working again.

If the RAA Service Provider can't fix the Mobility Scooter at the roadside, and the Breakdown happens away from your Home, during the Call-out we can arrange for a taxi to take you and your Mobility Scooter to a place of safety or repair. For each Subscription Year, we'll contribute a maximum of:

- **Premium:** \$100
- **Plus:** \$75
- **Standard:** \$50.

The taxi contribution can only be used once per Call-out, and is separate from the Premium taxi Benefit after Vehicle Breakdown/towing (see section 2).

In Country Serviced Areas, transport of you and your Mobility Scooter can be provided by the designated RAA Country Service Depot, up to the following distances back to that depot, per incident:

- **Premium:** 200km (400km Round Trip)
- **Plus:** 100km (200km Round Trip)
- **Standard:** 40km (80km Round Trip).

Transport of you and your Mobility Scooter in any direction from the Breakdown location or from the attending RAA Country Service Depot, per incident:

- **Premium:** up to a distance of 50km or to a value of \$360, whichever is the lesser
- **Plus:** up to a distance of 20km or to a value of \$144, whichever is the lesser
- **Standard:** up to a distance of 10km or to a value of \$72, whichever is the lesser.

Road Service doesn't include assistance with lifting a person in or out of the Mobility Scooter.

Road Service in shopping centres and other buildings will only be provided in an area that's suitable and practicable for the RAA Service Provider (such as an outside entrance or undercover car park) to access both the Mobility Scooter and the service vehicle.

2. Towing

If we're unable to get your Vehicle moving again, we'll arrange for a Towing Provider to tow the Vehicle to a place of safety or repair. Towing is only provided for mechanical or electrical fault or failure.

The Towing Benefits don't cover the towing or recovery of bogged Vehicles and/or Towed Units. However, we may arrange towing or recovery of bogged Vehicles and/or Towed Units at an additional expense.

Towing Benefits are limited to the distances and other conditions that are listed below. You must pay any additional fees applicable to the Excess Kilometres to the Towing Provider at the time of the tow. These additional fees are set by the Towing Provider. We'll tell you prior to attendance if an additional fee will apply to the tow. If you don't want to go ahead with the tow, you can cancel without charge any time before the Towing Provider is dispatched.

Accommodation Benefits cover you and up to four passengers. This Benefit will cover the cost of the room only. Food, drink, phone calls, damage, etc. aren't covered and, unless otherwise stated, temporary accommodation for livestock or pets following a Breakdown isn't covered.

3.9 Hire Car conditions

The Hire Car Benefit covers the base rental rate for a Hire Car together with other unavoidable costs, like administration fees, Vehicle registration recovery fees, one way rental fees, age-related fees, premium location surcharges only (where applicable) and excess kilometres. Any additional costs like fuel, insurance premium protection, tolls and voluntary extras won't be covered by us. You'll also need to meet the hiring requirements of the car rental firm. Although we'll reimburse you for the specified costs of the Hire Car, you'll enter into the contract with the Hire Car provider and will be liable for any cost, damage, Accident or claim in connection with your use of the Hire Car.

If a Hire Car isn't available locally you may, at your own expense, travel to the nearest location where a Hire Car is available.

The location where a Hire Car is available must be more than 100km from your Home address for the Hire Car Benefit to apply. You are not entitled to a Hire Car once you've arrived at your Home.

3.10 Vehicle Recovery conditions

- We engage third parties to provide the Vehicle Recovery Benefits.
- To access the Vehicle Recovery Benefits, you may be asked to complete a Vehicle Movement Schedule form before your Vehicle is transported, which authorises us to act as your agent in relation to the Vehicle Recovery.
- The Vehicle Movement Schedule will state any additional terms of any third party supplier, which may apply to the recovery of your Vehicle.
- Vehicle Recovery isn't applicable if the Vehicle has been repaired.
- Delays with Vehicle transportation may happen in some areas, and we have no liability to you if this is the case.
- To the extent permitted by law, we don't accept responsibility for any loss or damage to your Vehicle or goods within the Vehicle during the Vehicle Recovery or relocation. It's the Vehicle owner's responsibility to ensure that the Vehicle is adequately insured at all times.
- We won't pay for the freight costs for Vehicles and passengers on any sea crossing.
- Vehicle Recovery is limited to those Vehicles that don't exceed any of the following physical dimensions:
 - 5.5 metres in length
 - 2.3 metres in width
 - 2 metres in height
 - 1.8 metres wheel span, or
 - 3 tonnes gross weight.

There are also limitations on the Vehicle Recovery that are lowered, have body kits fitted, vintage Vehicles or those that require special transport.

If we can arrange Vehicle Recovery outside these limits and you wish to proceed, you'll be required to pay any additional charges.

It's your responsibility to pay any additional charges that may apply before the Vehicle can be relocated.

4. RAA Premium and RAA Plus conditions

Premium and Plus Benefits are extensions of Standard Road Service.

We reserve the right to refuse an application to upgrade to Premium or Plus at any time. Premium and Plus Benefits apply in Australia only.

- Premium and Plus Road Service Products must be taken out directly with RAA in South Australia or Broken Hill, and can't be taken out through an interstate motoring association or club.
- The terms and conditions of Premium and Plus Road Service provide unlimited Road Service Call-outs – but we may refuse or restrict your Benefits if the Call-out relates to a pre-existing fault or defect for which we've previously attended and you've failed to rectify, or you Excessively Use Benefits for the same or multiple Vehicles.

4.1 Annual Benefit limits

The cumulative value of Benefits exceeding Standard Road Service is limited to:

- **Premium:**
 - \$3,500 in your first year of holding the Premium Road Service Product
 - \$5,500 in each continuous Subscription Year you hold the Premium Road Service Product thereafter
- **Plus:**
 - \$1,100 in your first year of holding the Plus Road Service Product
 - \$2,200 in each continuous Subscription Year you hold the Plus Road Service Product thereafter
- Any amount in excess of your annual limit is your personal responsibility. If the provision of a Benefit would or may cause you to exceed your annual limit, the RAA Service Provider will tell you at the time of your request. If you don't wish to proceed you can, at that time, cancel without incurring any additional fees.
- Any unused portion of your annual limit is forfeited at the end of the Subscription Year and doesn't carry over to subsequent years.

5. Exclusions

The following are excluded from the Benefits of all Road Service Products.

- Work (mechanical or otherwise) carried out on your Vehicle or Towed Unit when your Vehicle or Towed Unit is located at a commercial place of repair or RAA Country Service Depot.
- The cost of any labour (not performed at the roadside), spare parts or other costs associated with the Vehicle repair.
- Vehicles involved in specifically convened organised events (such as rallies) involving road closures or official traffic controls are excluded from Road Service and Away from Home Benefits. However, Benefits are available when travelling to and from such events.
- Vehicles whose sole use is for commercial business, which includes but isn't limited to taxis and chauffeured Vehicles.
- A subsequent Call-out for a fault that has previously been attended to by an RAA Service Provider and the fault hasn't been rectified.
- Service to and recovery of Vehicles, Towed Units, Bicycles and Mobility Scooters on a road that isn't a Maintained Public Road.
- Where home mechanical repairs have been undertaken to the Vehicle prior to Breakdown.
- Any repairs associated with an Accident.
- Vehicles that are not registered.
- Towing Benefit for tyre trouble with an unroadworthy or missing spare wheel on a Vehicle or Towed Unit that's normally equipped with a spare wheel.
- Towing Benefit for Vehicles that have been dismantled.
- Towing Benefit where there's already been a tow in connection with that Breakdown (Standard and Plus Road Service), unless you're the holder of Premium Road Service Product. In this case you're entitled to a maximum of two tows for any one Breakdown within 14 days from the first Call-out.

- Towing from or to Restricted Areas.
- Towing from a repair facility.
- Road Service to unattended Vehicles.
- Road Service in Restricted Areas.
- Road Service to farm equipment, earth-moving equipment, forklifts, wheelchairs and golf carts.

- Vehicles that have been driven by the Product Holder against our advice or the advice of a qualified repairer.
- Away from Home Benefits aren't available for Vehicles on a day or temporary registration permit.
- Away from Home Benefits aren't available for Vehicles offered for sale by a licensed motor Vehicle dealer.
- Away from Home Benefits aren't available for Electric Vehicles that have run out of charge.

6. General terms and conditions

6.1 Road Service Product

- If, in our reasonable opinion, the Vehicle hasn't been maintained in good working order and roadworthy condition, and you're using the Road Service Product as an alternative to regular routine maintenance of the Vehicle, RAA may refuse or restrict your Benefits, or charge a fee, which you'll be advised of at the time of each subsequent Call-out.

6.2 Accessing your Benefits

To access your Road Service Benefits:

- you (the Product Holder) must be the driver of the Vehicle at the time of the Breakdown, and you must be present when the RAA Service Provider arrives
- your RAA Road Service Product must be financial when you call for Road Service
- the disabled Vehicle must be registered
- you'll be asked to provide adequate identification information at the time of asking for Road Service
- only one RAA Road Service Product may be used for each Incident.

Any circumstance or event where your verbal or physical conduct puts the health, safety or wellbeing of an RAA Service Provider or any other RAA employee or contractor at risk, or jeopardises their ability to safely carry out their responsibilities, may result in the immediate suspension of access to your Road Service Product. These events will be formally investigated. During the process, you'll be provided with an opportunity to explain your conduct.

6.3 Location

- Road Service is only available if the Breakdown location and the Vehicle and Towed Unit are accessible by a Maintained Public Road.
- If Road Service is needed in a location where the road isn't a Maintained Public Road, Road Service may not be available or an additional cost might apply, which you'll need to pay at the time of service.
- If the RAA Service Provider needs to travel Excess Kilometres, the additional cost must be covered by you at the time of Road Service. The RAA Service Provider will tell you before attendance if an additional fee will apply to the Call-out. If you don't want to go ahead with the Call-out, you can cancel without charge any time before the Service Provider is dispatched.

6.4 Repairs

- The RAA Service Provider will provide Road Service with the objective of getting your Vehicle back on the road or to a garage for permanent repairs. The RAA Service Provider may carry out minor repairs on the roadside, but only if they can be done safely and within a reasonable time using available hand tools.
- Spare parts offered by the RAA Service Provider during Road Service may or may not be genuine parts. All spare parts meet or exceed manufacturer's specification and comply with relevant Australian Standards and regulatory requirements and are fit for purpose. Spare parts have been sourced from independent manufacturers and comply with manufacturer's specifications.
- The RAA Service Provider will attempt to diagnose the fault at the roadside. However, any findings are to be used as a guide to assist the mechanic or repairer in isolating a specific fault and are not intended to supersede an inspection, maintenance or advice provided by the repairer.

6.5 Accidents

- Unless specified, the Benefits aren't available following an Accident, including (without limitation), Towing Benefits, or roadside repairs arising from an Accident.

6.6 Call-outs

- If an RAA Service Provider attends a Call-out to provide Road Service and the Vehicle is unattended, this will count as a Call-out.
- If a second Call-out is needed after the Vehicle was initially unattended, the Product Holder will be charged a set fee, which we'll tell you about when you request the Road Service.
- If a Product Holder doesn't use the available Call-outs or contributions within the Subscription Year, the Call-outs will expire. They don't carry over to the next Subscription Year.
- Call-outs cannot be transferred to another person.

6.7 Reimbursement

- If you need to pay for Benefits ordinarily covered by your RAA Road Service Product (such as in a Restricted or Non-Serviced Area or interstate), you may apply for RAA to reimburse these costs (these are limited to applicable Road Service Benefits).
- If you've paid for services or Benefits we have deemed to be eligible for partial or full reimbursement, you've acted as an agent for RAA.

- We'll reimburse you at the same rate that would apply if RAA engaged one of its normal RAA Service Providers to provide those services.
- Product Holders seeking a reimbursement for services or Benefits must apply within ten months of the Breakdown date.
- Receipted accounts for these services or Benefits, with details of the Breakdown, can be posted, emailed or lodged online. Contact RAA Incident Management on 1800 888 522 for further details.

Reimbursement for towing costs (Premium: maximum of 400km Round Trip; Plus: 200km Round Trip) in Non-Serviced Areas is determined at RAA Country Service Depot payment rates as amended from time to time.

6.8 Cancellation

- You can cancel your Road Service at any time by giving us written notification addressed to 101 Richmond Road, Mile End SA 5031, by calling us on 8202 4610 or by visiting an RAA Shop.
- We may cancel your Road Service with immediate effect at any time by notifying you in writing where in our reasonable opinion it's needed to protect the health, safety or wellbeing of an RAA Service Provider or any of our other employees or contractors. In this case, we'll refund any Subscription Fees that relate to the period after cancellation, or cancel any direct debit on and from the date of cancellation. If we cancel your Road Service Product under this clause, we may, at our discretion, cease to make the Road Service Product available to you.

6.9 Waiting periods

- If you've purchased an RAA Road Service Product and you're not an existing RAA Member, and you need Road Service for a pre-existing Breakdown, or within 48 hours of purchasing your RAA Road Service Product:
 - a Service Fee will be charged, which you'll be told about when you request Road Service
 - Away from Home Benefits won't apply.
- If you've purchased an RAA Road Service Product and you're an existing RAA Member, and you need Road Service for a pre-existing Breakdown, or within 48 hours of purchasing your RAA Road Service Product:

- When upgrading your Road Service Product, a 48-hour waiting period will apply before you can access additional Benefits.
- When upgrading your Road Service Product, additional Benefits won't apply for a pre-existing Breakdown.

6.10 Road Service Subscription Fees

- These will need to be paid in advance, with rates set and approved by the Board of Directors. Once RAA has received the applicable fees, you'll be recorded as an RAA Road Service Product Holder. No pensioner or other concessions are applicable to Subscription Fees.
- Subscription Fees are payable using the following methods:
 - credit card by telephone
 - cash, credit card, EFTPOS at an RAA Shop
 - credit card on the RAA website
 - direct debit instalments (either annually or monthly) with a credit card or nominated bank account (subject to direct debit terms and conditions)

- BPay (renewals only)
- IVR (renewals only).
- If a Road Service renewal or other debt to RAA is overdue, access to Road Service and additional Benefits may be denied, pending payment of any outstanding Road Service or other fees.
- At our discretion, and upon payment of outstanding and overdue fees and other charges, you may have your Road Service reinstated.
- If your Road Service Product is cancelled or terminated, your Subscription Fees won't be refunded, except in limited circumstances at our discretion (including if you're no longer able to drive a Vehicle).

Simply call the Australia-wide 13 11 11 phone number and you'll be provided the equivalent of the affiliated motoring organisation's Standard Road Service Benefits in that state.
