

RAA Members – Free child seat fitting Terms and Conditions

- Free child restraint fitting service is only available to current RAA Members who are able to provide proof of purchase of the child restraint to be fitted within the last 12 months.
- Acceptable proof of purchase is an invoice or receipt issued by RAA, including from an RAA shop, the RAA Child Safety Centre or the RAA online store.
- If acceptable proof of purchase is unable to be provided at the fitting appointment, or the restraint was purchased from RAA more than 12 months ago, RAA's current Member price for fitting child restraints will be charged at the time of appointment. If proof of current RAA Membership cannot be provided at the time of appointment, the Non-member price will apply (even if proof of purchase can be provided). Payment in full will be required before the restraint is fitted.
