

RAA - Travel insurance cover Target Market Determination (TMD)

Effective Date: 30 September 2025

About this document

This TMD applies to the travel insurance products described in the RAA Product Disclosure Statement and Financial Services Guide (PDS/FSG) listed in the Appendix that have been issued by Tokio Marine & Nichido Fire Insurance Co., Ltd. ABN 80 000 438 291 AFSL: 246548 (Tokio Marine).

The main purpose of this TMD is to describe the class of customers that the travel insurance products have been designed and are suitable for, having regard to their likely needs, objectives and financial situation.

This TMD also sets out the conditions and restrictions that are placed on the distribution of the travel insurance products, the events and circumstances that will trigger a review of the appropriateness of this TMD, how often distributors are required to provide information about any complaints to Tokio Marine and when this TMD will be reviewed.

This TMD does not replace the policy terms and conditions that are contained in the PDS/FSG. Customers should refer to the policy wording in the PDS/FSG to understand the precise scope of the insurance cover before making any decision about whether to acquire travel insurance.

This TMD does not provide any financial product advice on travel insurance products and it does not take into consideration the objectives, financial situation and needs of individual customers.

Current version number	V7
Document Release Date	30 September 2025

Optional cover	Not all activities are covered under the seven Plans. Cover for some activities is only available if it is purchased as an optional extra. The optional extra cover is: • Ski and winter sports (not available as an option under the Basics Plan) • Cruise benefits An additional premium is payable for each optional extra cover, and an additional excess may apply to claims made under these optional extras. The benefits covered by the optional extras and the limitations and exclusions that apply to them are described in the PDS/FSG.
Who is insured	• Persons who meet the eligibility criteria and acquire a Plan. Up to two adults can be insured persons under a single policy. • An unlimited number of dependants of insured persons are also covered if the dependants meet the eligibility criteria.
Medical conditions & pregnancy	Medical conditions The Plans automatically cover some medical conditions. All other medical conditions need to be disclosed for assessment whether cover can be provided. If a customer's medical condition is not automatically covered, and that customer wants that medical condition covered, the customer will need to complete a medical assessment. If we agree to cover that medical condition, then the customer may need to pay any additional premium and the condition will be shown on the customer's certificate of insurance. There are some medical conditions that we cannot cover under any of the Plans. Pregnancy The Plans provide automatic cover for a single, non-complicated pregnancy up to the end of the 25th week provided certain criteria are met as outlined in the PDS/FSG. For all pregnancy complications as described in the PDS/FSG, a medical assessment must be completed before cover can be considered. Some pregnancy complications are expressly excluded in the PDS/FSG.
Key eligibility criteria	Insured persons must be: • At the time of purchasing the policy, not aged more than: ◦ 110 years (for Single Trip cover), ◦ 75 years (for Annual Multi-Trip cover), ◦ 85 years (for optional Ski and Winter Sports cover); and • Australian citizens or permanent residents; or • hold a current Australian visa - but not a tourist, study or working holiday visa - that will remain valid beyond the period of the customer's return from their Trip, and holds a return ticket, a valid Australian Medicare card and has a primary place of residence in Australia. A dependant must be a child, stepchild, foster child or grandchild of an insured person; • aged 25 years or younger at the time the policy is bought; • financially dependant on their parents or grandparents and not working full-time; • travelling with an insured person for their entire trip; and • listed on the certificate of insurance as a dependant. General • all international Plan trips must begin and end in Australia; • all domestic Plan trips must be wholly within Australia; • a Plan must be purchased before a trip is commenced; • In some cases a return ticket is required to be held.

Key exclusions	The Benefits under each Plan are subject to general as well as specific exclusions. Full details of these are contained in the PDS/FSG. The following key exclusions apply: • Where a person fails to take reasonable care or puts themselves in a situation where a reasonable person could foresee or ought to foresee that loss, theft, or damage to property, or a death, illness or injury was likely to happen; • where the insured was aware, or where a reasonable person in the position of the insured would have been aware or ought to have been aware, at the relevant time that would give rise to making a claim, or may lead to the trip being disrupted or cancelled; • any medical conditions that are not automatically covered and which have not been assessed and listed as covered in the certificate of insurance; • conditions or illnesses that are currently being treated or investigated or where surgery or treatment is currently being provided; • driving or being a passenger of a vehicle, motorcycle, moped or scooter while not holding a current Australian licence to do so, and even if the country of travel does not require a licence to be held; • where a person is a passenger on a motorcycle, moped or scooter without a helmet or under the control of a person without a current motorcycle or drivers licence valid for the country of travel; • being under the influence of alcohol or drugs where a person's judgement is reasonably impaired • where a person drives a vehicle or motorcycle above the permitted blood alcohol concentration limit; and • where a 'Do Not Travel' warning has been issued by the Australian government for the country or region of travel. Please refer to the full description of the exclusions under each policy section and the General Exclusions described in the PDS/FSG.
Limitations	Benefits are subject to section limits, sub-limits and single item and aggregate limits as specified in the PDS/FSG and certificate of insurance. Under the Annual Multi-Trip Plan, claims limits will reset for each trip. Claims may be fulfilled by an assistance service provider, or repair, replacement, reimbursement or by a cash settlement depending on the circumstances.
Excess	Claims are subject to an excess, as specified in the PDS/FSG and certificate of insurance. There are options under all Plans to pay additional premium to reduce the excess amount. For international trips a customer can select an excess of \$0, \$100, \$250, \$500 or \$1,000 excess and the premium payable will vary accordingly, except for International Single Trip - Basics, where the lowest available excess is \$100. For the Domestic Single Trip Plan, the standard excess is \$100 and this can be reduced to nil for additional premium. There are options under the International Single Trip Plans to select a higher excess of up to \$1,000 and pay less premium. Please note that a higher excess may result in there being no, or minimal, recovery under some of the benefit limits.
