# RAA Road Service Entitlements

If you have RAA Road Service, benefits:

- Apply only to breakdowns that occur within Australia
- Are provided solely at the discretion of RAA within the locality of the breakdown
- Apply only if the person holding the RAA Road Service product was driving the vehicle at the time of the breakdown
- If a learner driver is being supervised by a Road Service product holder and the vehicle breaks down, benefits will apply as if the product holder was driving the vehicle
- Are not available if the product holder, against our advice or the advice of a qualified repairer, has continued driving the vehicle following a breakdown.

Where benefit limits are not listed for different products, the same benefit applies for all.

## Road Service

RAA Road Service is a vehicle breakdown service aimed at providing you with assistance in the event of an unexpected mechanical or electrical fault/failure of a vehicle and/or towed unit.

You must be the driver of the vehicle at the time of the breakdown and must be present upon arrival of the RAA service provider to receive Road Service.

Service is available within Australia at any time irrespective of the vehicle you are driving.

Road Service will be provided for the purposes of mobilising your vehicle after breakdown. Service is limited to undertaking minor repairs using parts and tools available within the service vehicle, and able to be completed safely and quickly at the roadside.

The extent of 'free' services will, in most cases, be influenced by the location and circumstances of the breakdown.

Where mobilising the vehicle and/or towed unit is not possible, a tow may be provided. This tow will be limited by your level of Road Service entitlement.

### **Road Service call-out limits**

The included number of free call-outs is:

- Premium: unlimited
- Plus: unlimited
- Standard: up to four call-outs each policy year. Call-outs in excess of this will incur a fee.

Service may be refused or limited in instances where you have received (and continue to request) Road Service or towing on a number of occasions that are in breach of RAA's fair use policy (see Terms and Conditions). This will be determined at RAA's discretion. We may offer alternative services at your expense.

### **Metro**

For breakdowns anywhere in the Metropolitan Patrol Service Area an RAA Service Provider will attend 'free' of charge in an attempt to mobilise the vehicle and/or towed unit.

### **Country**

For breakdowns outside of the Metropolitan Patrol Service Area, free service and towing benefits will be calculated from the location of the designated RAA Country Service Depot. Road Service will be provided by the designated RAA Country Service Depot for that location.

'Free' service is limited to breakdown locations within the following distances from the designated RAA Country Service Depot:

- Premium: 200km (400km round trip)
- Plus: 100km (200km round trip)
- Standard: 40km (80km round trip).

If your vehicle requires Road Service and/or towing in excess of the distances specified above, any additional cost must be paid by you at the time.

To discuss your level of Road Service cover please contact your nearest RAA Shop or call us on 8202 4610.

### **Wheel changing**

If you have a suitable, roadworthy spare wheel, the RAA Service Provider will change the wheel for you using RAA standard wheel changing equipment.

This Benefit is limited to:

- vehicles and/or towed units weighing less than three tonnes fully loaded
- circumstances which do not require specialised equipment to safely provide a wheel change.

Where the vehicle falls outside of our weight and equipment limitations, an RAA Service Provider will be despatched to assess and assist with the wheel change where possible, using your vehicle manufacturer's wheel changing equipment.

Tyre repairs will not be undertaken at the roadside.

This benefit applies to all levels of Road Service.

### **Battery replacement/jump-start**

If the vehicle will not start because of a flat battery, the RAA service provider will assess the battery and provide a jump-start if appropriate.

If necessary, we offer a 'free' battery delivery and installation service for RAA Road Service product holders, with an extensive range of competitively priced automotive batteries available for roadside purchase.

Discounts that may be available to you on the purchase of an RAA branded battery are:

- Premium: \$20 discount
- Plus: \$20 discount
- Standard: no discount.

### **Lockout/locksmith services**

A locksmith subsidy is available when locksmith attendance is required due to your vehicle being disabled. The maximum we will pay per year for locksmith service is:

- Premium: Subsidy of \$150
- Plus: Subsidy of \$75
- Standard: Subsidy of \$50.

Alternatively, instead of using the locksmith subsidy (or if a locksmith is unavailable), you will be offered a tow, using standard towing equipment, within the towing limitations of your Road Service product.

The locksmith subsidy is not available for vehicles that have been disabled due to accident, vandalism or theft of the vehicle.

## **Caravans/trailers**

If you are towing a caravan, trailer, horse float or similar and that towed unit suffers an unexpected mechanical or electrical fault/failure, or lock-out, an RAA service provider will attend and provide assistance for Standard, Plus and Premium cover, within the limitations of the Road Service product.

## **Motorcycles**

Road Service is available if your motorcycle cannot be ridden due to a mechanical or electrical fault/failure or puncture for Standard, Plus and Premium cover. A service provider will attend and attempt to mobilise the motorcycle.

If we are unable to repair the motorcycle at the roadside, or you have a flat tyre, towing will be provided within the limitations of your Road Service product.

## **Fuel**

### **Out of fuel**

If the vehicle has run out of fuel, we may provide, at your cost, sufficient fuel to enable you to drive to the nearest fuel outlet.

If the RAA service provider is unable to supply fuel at the roadside, you will be offered a tow, using standard towing equipment, within the towing limitations of your Road Service product.

This applies to all levels of Road Service. Away from Home benefits will not apply.

### **Incorrect fuel**

If you have filled your vehicle with incorrect fuel, towing benefits will apply (per page 10). If you are more than 100km away from home only emergency Away from Home benefits will apply (per page 14).

## **Bicycles**

Road Service is available if your bicycle cannot be ridden due to a mechanical failure or puncture. A service provider will attend and attempt to mobilise the bicycle.

If we are unable to repair the bicycle at the roadside, we will arrange for a taxi (up to \$55 a year) to transport you and your bicycle to a place of safety or repair at the time of providing Road Service.

The taxi benefit can only be used once per incident and is separate from the RAA Premium taxi benefit after vehicle breakdown/towing.

In RAA Country Serviced Areas, where transport is provided by the designated RAA Country Service Depot, towing benefits will be as per your Road Service product distances.

If a child under the age of 18 is riding with a Road Service product holder and their bicycle suffers a mechanical failure or puncture, Road Service benefits will apply.

### **Mobility scooters**

Road Service is available if your mobility scooter breaks down. An RAA service provider will attend and attempt to mobilise the device.

If we are unable to get the device going, and the breakdown occurs away from your home, we will arrange for a taxi to transport you and your device to a place of safety or repair at the time of providing Road Service.

The maximum we will pay per year for the cost of mobility scooter related taxis is:

- Premium: up to \$100
- Plus: up to \$75
- Standard: up to \$50.

The taxi benefit can only be used once per breakdown incident.

In Country Serviced Areas, where transport of the device is provided by the designated RAA Country Service Depot, towing benefits will be as per your Road Service product distances.

Service does not include assistance in lifting a person in or out of the mobility scooter.

Service in shopping centres and other buildings will only be provided in an area suitable to RAA, such as an outside entrance or undercover car park, to which RAA has practicable access.

## **Towing**

If we are unable to get the vehicle going, we will arrange for the vehicle to be towed to a place of safety or repair. Towing is only provided for mechanical or electrical breakdowns.

## Fair Use Policy

RAA Road Service is a vehicle breakdown service aimed at providing you with assistance in the event of an unexpected mechanical or electrical fault/failure of a vehicle and/or towed unit. It is intended to minimise the inconvenience of a vehicle breakdown through attendance, professional diagnosis and temporary repair wherever possible.

The service is not an alternative to regular routine maintenance of a vehicle and all members are required to maintain their vehicle in good working order and roadworthy condition.

RAA reserves the right to limit or refuse to provide services or entitlements to any product holder where, in the opinion of RAA, the product holder's use of service or entitlement is excessive, unreasonable or not reasonably required by the product holder in the circumstances.

The Terms and Conditions of RAA Plus and Premium Road Service provide unlimited Road Service call-outs, however this is qualified by reference to a limitation where service may be refused if service has been provided "on an excessive number of occasions in relation to a single recurring vehicle fault" the product holder has failed to rectify.

Without limiting the circumstances in which RAA may apply this policy, RAA will apply this policy if any use of services or entitlements by any product holder is considered by RAA to be fraudulent or adversely affecting the provision of services or entitlements to other product holders.

## Interstate/Overseas Service

Holders of RAA Road Service have access to assistance throughout Australia through our affiliated motoring organisations. By calling the Australia wide 13 11 11 phone number you will be provided Standard level of Road Service in that state. If arrangements can be made at the time and you hold RAA Plus or RAA Premium cover, we will arrange for your Plus/Premium benefits to be used, alternatively you may be eligible to claim reimbursement, within your entitlement limits, by providing RAA with receipts. Reimbursements must be applied for within six months of the breakdown date.

If you require Road Service interstate, affiliated motoring organisations are:

- NRMA in New South Wales and Australian Capital Territory
- RACV in Victoria
- RACQ in Queensland
- RAC in Western Australia
- RACT in Tasmania
- AANT in Northern Territory.

In a large number of countries, RAA Road Service will be recognised by an affiliated motoring organisation. Visit [raa.com.au](http://raa.com.au) for details of our international affiliates.

## Hire Car Conditions

The hire car benefit will cover the base rental rate together with other unavoidable costs such as administration fees, vehicle registration recovery fees, one way rental fees, age-related fees, premium location surcharges only (where applicable) and excess kilometres. Any additional costs such as fuel, insurance premium protection, tolls and voluntary extras will not be covered by RAA. You will also need to meet the hiring requirements of the car rental firm.

If a hire car is not available locally you may, at your own expense, travel to the nearest location. The location where a hire car is available must be more than 100km from your home address. You are not entitled to a hire car once you have arrived at your home.

## Vehicle Movement Conditions

- You may be asked to complete a Vehicle Movement Schedule form prior to a vehicle being transported under the vehicle recovery benefit.
- Delays with vehicle transportation may be experienced in some areas.
